Effortless recruitment and hiring collaboration with Eploy's Talent Acquisition Platform

FALL 2025

Leader

Eploy – G2 Leader for Applicant Tracking Systems
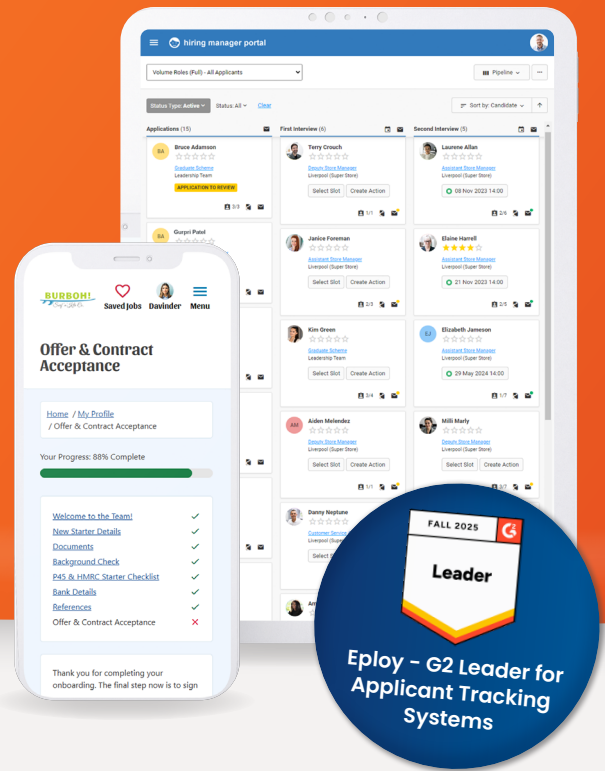

The most flexible Applicant Tracking System you'll ever use

While many other Applicant Tracking Systems (ATS) may meet your requirements and 'tick the box', Eploy's ATS & Recruitment CRM is an all in one platform with a high degree of configurability to meet your unique requirements.

Eploy combines Applicant Tracking, Recruitment CRM, Talent Pool Engagement, Onboarding and Analytics into a unified web-based platform to provide an excellent experience for recruiters, candidates and hiring managers.

Eploy is designed to help you convince and convert both passive and active candidates. It's a complete Recruitment CRM for perfect Candidate Relationship Management. So, you'll have all the tools you need to nurture your talent relationships and make successful hires, every time.

We understand your processes change and evolve over time, that's why we've designed Eploy to be the most configurable Talent Acquisition platform available.

We help power Talent Acquisition at organisations with 150 to over 150,000 employees across all industries and sectors.

The entire recruitment journey, in one system.

Flexible ATS
Optimise your recruitment and streamline your hiring workflows. Eploy maps perfectly to your recruiting processes, keeping everyone in sync.

Recruitment Marketing
Eploy's talent pooling, multi-posting, data tracking and communication capabilities help Talent Acquisition teams attract and engage more skilled talent.

Employee Referrals
Manage your referrals programme with a fully-gamified employee experience.

Offers and Onboarding
From making the offer to their first day on the job - Eploy Offers & Onboarding ensures a smooth start for every new hire.

Recruitment Analytics
Measure what matters most to you. Eploy's award winning, self-service dashboards are built-in not bolted on.

Integrated recruitment technologies
Seamlessly integrate Eploy with other HR and business tools for a comprehensive talent management approach. With endpoints spanning the entire platform, Eploy is the ATS that's easy to connect with your solutions and build awesome integrations. A comprehensive full RESTful API to enable key integrations and a marketplace of partners.

Why Eploy?

Eploy has an impressive track record across all industries and sectors and has been developing recruitment software since 1998. Eploy delivers real return on recruitment investment, helps streamline process, engage candidates, delight clients, and amaze hiring managers.
